Crop Insurance in Gujarat

1. All the admissible claims amounting to Rs.316.28 crore with Government of India share of Rs.88.43 crore for Kharif 2011 season under NAIS have already been paid by the implementing agency i.e. Agriculture Insurance Company.
2. The yield data in respect of Rabi 2011-12 was received within the cut off date i.e. 31st July, 2012. However, sown area data has been received from the State only in the last week. Admissible claims are under process and would be settled shortly. It shows that there is no delay on the part of Agriculture Ministry in settlement of claims.
3. No claims under MNAIS (9 talikas of 4 districts) are pending up to Kharif 2011 season in Gujarat.
4. It is mentioned here that Gujarat State has not implemented Weather Based Crop Insurance Scheme (WBCIS) during 2011-12 which has the advantage of faster settlement of admissible claims within 45 days. If the State Government of Gujarat has opted the Weather Based Crop Insurance Scheme, it would have helped the farmers of Gujarat during this abnormal drought in some district of State
